

National Retired Partner Council

History

The National Retired Partner Council (RPC) was established in 2008 and continues to generate feedback and continued connectivity between the firm and its retired partners. Members of the 2018 council were nominated by firm Leadership, who worked to assemble a group that is representative of the larger retired partner community.

Rob Arning, Vice Chair, Market Development, advises our National Retired Partner Council as they serve in this very important role. The insight they have offered through the years has been pivotal as the firm works to build programs that engage and support our retired partner community.

Jennifer Flynn Dear, Executive Director, Alumni Marketing and Citizenship and **Caren Scoropanos**, National Director, Alumni Marketing, serve as Council liaisons to the Retired Partner Council.
